

# Brigadoon

## 2 BR, 1.5 BA

This charming ranch home has a warm brick exterior and colonial shutter trim. Enter a center foyer. The large living room affords many attractive furniture arrangements. A handsome corner fireplace may be had as an option. To the left of the foyer you'll find your separate dining room with sliding glass doors opening to the outdoors in the summertime.

Optional garage

The kitchen boasts a window over the stainless steel kitchen providing natural light.

Handsome double doors lead to one of the two bedrooms. The master bedroom has a full wall-wide closet. A full bath with ceramic tile tub area and floor has double entry; one directly from the master bedroom. A powder room will serve your guests.

Your Brigadoon has a full basement with laundry tub and provides additional space for a workshop, recreation area, or whatever your imagination chooses.

You'll control the climate with central air conditioning and heating. And insulated window are more luxury features.
