

Edinburgh

3 BR, 1.5 BA

This all brick front Colonial is designed with the true Williamsburg heritage. The large living room is served by a front entry guest closet, and features unbroken wall space for exciting furniture arrangements. There are many luxury touches... Individual centrally controlled air conditioning, insulated windows with screens and insulated doorwall leading to a private rear yard area. There is quality carpeting in all major living areas and charming architectural details throughout.

You step into a sunken family room large enough for many family activities. Antiqued beams stretch from the kitchen. The kitchen has exceptional counter space, in an L-shaped plan. A waste disposal & stainless steel sink are also yours.

A first floor powder room with vanity and large illuminated mirror is conveniently placed for the guest and family use.

On the second floor are three large bedrooms. The master bedroom is living room size and has a great oversized closet. The bath has an unusual compartment divider so that the tub area may be closed off from the vanity sink area giving dual use. Ceramic floor and tub area illuminated wall-wide mirror are glamour touches.

This unit also includes full basement with plenty of room for storage and laundry.

The Edinburgh is spacious and beautifully fills the needs of the large family.
